**Manhattan Medical Group** participates in electronic health information networks. HIOs are required to use appropriate safeguards to prevent unauthorized uses and disclosures.

**You have two options with respect to HIN.** First, you may permit authorized individuals to access your electronic health information through an HIO. If you choose this option, you do not have to do anything.

Second, **you may restrict access to all of your information through an HIO** (except as required by law). If you wish to restrict access, you must submit the required information either online at <http://www.KanHIT.org> or by completing and mailing a form. This form is available at **<http://www.KanHIT.org>**. You cannot restrict access to certain information only; your choice is to permit or restrict access to all of your information. If you have questions regarding HIT or HIOs, please visit <http://www.KanHIT.org> for additional information.

If you receive health care services in a state other than Kansas, different rules may apply regarding restrictions on access to your electronic health information. Please communicate directly with your out-of-state health care provider regarding those rules.
